CHERRY PECTORAL

For the Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

AND FOR THE RELIEF OF PATIENTS IN ADVANCED STAGES OF CONSUMPTION.

Many years of trial, instead of impairing the public confidence in this medicine, has won for it an appreciation and notoriety by far exceeding the most sanguine expectations of its friends. Nothing but its intrinsic virtues and the unmistakable benefit conferred on thousands of sufferers, could originate and maintain the reputation it enjoys. While many inferior remedies thrust upon the community, have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget and produced cures too numerous and too remarkable to be forgotten.

While it is a fraud upon the public to pretend that any one medicine will infallibly cure—still there is abundant proof that the Cherry Pectoral does not only a general thing, but almost invariably, cure the maladies for which it is employed.

As time makes these facts wider and better known, this medicine has gradually become the best reliance of the afflicted, from the log-cabin of the American peasant, to the palaces of European Kings. Throughout this entire country, in every State, city, and indeed almost every hamlet it contains, *Cherry Pectoral* is known as the best remedy extant for diseases of the Throat and Lungs—and in many foreign countries it is coming to be extensively used by their most intelligent Physicians. In Great Britain, France and Germany, where the medical sciences have reached their highest perfection, *Cherry Pectoral* is introduced, and in constant use in the Armies, Hospitals, Alms Houses, Public Institutions, and in domestic practice, as the surest remedy their attending Physicians can employ for the more dangerous affections of the lungs. Also in milder cases, and for children it is safe, pleasant, and effectual to cure. In fact, some of the most flattering testimonials we receive have been from parents who have found it efficacious in cases particularly incidental to childhood.

The Cherry Pectoral is manufactured by a practical Chemist, and every ounce of it under his own eye, with invariable accuracy and care. It is sealed and protected by law from counterfeits; consequently can be relied on as genuine without adulteration.

We have endeavored here to furnish the community with a medicine of such intrinsic superiority and worth as should commend itself to their confidence—a remedy at once safe, speedy and effectual, which this has by repeated and countless trials proved itself to be; and trust by great care in preparing it with chemical accuracy, of uniform strength to afford Physicians a new agent on which they can rely for the best results, and the afflicted with a remedy that will do for them all that medicine can do.

PREPARED AND SOLD BY J. C. AYER, DRUGGIST and CHEMIST, LOWELL, MASS.

Sold in Bangor at wholesale and retail by INGRAHAM & FULLER, also by G. W. Emerson, A. P. Gould, G. F. Sargent, Druggists; Bucksport, G. L. Bradley & Co, Belfast, Wm. O Poor, Ellsworth, B. Nourse, Hampden, Isaac Snow, and by the Druggists generally throughout the country.

Lesage's Specific,

NEVER *failing remedy for thoroughly eradicating diseases of the Urinary Organs,* such as Gonorrhea, Gleets, Whites, Strictures, Stone in the Bladder, &c., and needs but to be once used to be universally esteemed. The proprietor would respectfully caution those troubled with the above annoying complaints, to beware of those cure-every-things, which unprincipled individuals, without the slightest knowledge of the structure of the human system, recommend for every disease. Lesage's Specific is only intended for the cure of Private Diseases and the thousands that have sent their unsolicited certificates vouch for its efficacy, while the better it is known the greater is the demand for it. How different from the various quack medicines which, when the unhappy patient has once used, no inducement can ever make try again.—Lesage's Specific has been the remedy depended on by every class, the senator, the lawyer, the mechanic, the seaman and the dashing cyprian have all tried it and found it truly the good Samaritan in the hour of trouble.

Dr. Darby annexes extracts from some of his certificates:

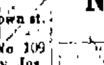
CAMDEN, ME.



ADMINISTRATOR'S SALE OF VALUABLE MILL PROPERTY IN CAMDEN, MAINE. In pursuance of an order from the Hon. Judge of Probate for the County of Waldo, I shall sell at Auction, on the premises, WEDNESDAY, November 17th, at 10 o'clock, A. M., all the Real Estate of the late THOMAS HARBACH, viz:

One third part of the Woollen Factory and fixtures. The buildings is stone and brick, three stores, 31 by 62, with a brick Dye House attached, situated on the lower privilege of the Megunticook stream, with about eight feet head and fall at full tide, (which ebbs and flows from six to ten feet at this fall.

I shall sell at the same time my own interest in said Factory, which is one third of the real and two thirds of the machinery, which consists of three Custom Carding Machines, one set of Manufacturing do., six Looms, two Spinning Jacks, and all the machinery, and necessary apparatus for manufacturing Cassimeres, Satinets, and Flannels. I think this the best custom stand in the State and it is now doing a first rate business. The custom carding is from 12 to 15 000 lbs per annum.

—ALSO—

A first rate GRIST MILL, with three runs of stones and two bolts, in thorough repair—the building 30 by 35, with granite basement. The lower floor timbers are cedar, and were put in about two years since. The head and fall is about 10 feet, with a first rate stone dam. The mill is doing a first rate business, retailing from 3 to 4000 bushels corn per annum, besides the tolls.

Also, a SAW MILL, that does a good business.

Also, a STORE and DWELLING HOUSE, nearly new.

Also, a WHARF, that, in connection with the Saw Mill, would make an excellent place for ship building, or a brick yard, there being an excellent bank of clay on the same.

Also, a number of good Building Lots.

One half of the above-named property (excepting the machinery in the factory) belongs to said estate. The other half, with said machinery, to the subscriber, and will be sold with the above.

This property is situated on the Penobscot Bay, with a fine harbor, where the Bangor steamers to Portland and Boston touch daily, commanding an extensive run of custom from the islands as well as the main, altogether affording a rare opportunity to invest in property that is now paying large dividends, and delightfully situated in a healthy, growing village of some 2000 inhabitants, with good schools, churches, &c.

Stanzas

To the memory of Miss Harriet Daggett. Dedicated to her bereaved Mother.

BY S. HERBERT LANCEY.

And thou art gone; thou that wert young and fair—
Though thy sweet face had not a trace of care—
Yet thou wert taken from thy Mother's love,
To join thy Father in his home above.

And thou art gone, and in thy lonely grave,
O'er which *Nature's monuments* will wave,
Kind friends have left thee, with many a sigh,
That thou, dear loved one, should'st thus early die.

And thou art gone; thou Daughter of my heart—
Thou, who wast form of it, the dearest part—
Thou, my sweet solace in my saddened hours—
Gone to dwell in Heaven's perennial bowers!

And thou art gone; and Angel voices whisper, sweetly,
"Mourner, thy Daughter sitteth at her Saviour's feet,
Mourn not for her—to be a saint on high is blest;
Is sweeter far, than by a Mother's hand caress'd."

Franklin Pierce's Career.

We believe that the advocates of Mr. Pierce have concluded to lay aside any attempt to uphold his nomination on the grounds of his military glory. It is that the title of "General" went some ways in securing his nomination; so far indeed, that had he not been in Mexico he never would have been a candidate. Yet his military prowess is so questionable, that it is never made an ostensible ground of support. It is therefore upon his merits as a *statesman* alone upon which his claims are rested.

What are these merits? What has this great Democratic idol done to deserve the worship of the nation! He was nine years in Congress—four in the House and five in the Senate—and not one single measure has he left behind to mark him as a benefactor to the country or an honor to the nation. There is no possible way of upholding his claims upon any thing he has accomplished, *or attempted to accomplish,* in the councils of the nation. He was there with a Democratic majority and originated nothing. He was there with a Whig majority and attempted nothing. There were great men around him, but that did not make him great. His party leaders commenced many important things, but Franklin Pierce was not their mover. In the House, Mr. Polk's powers of prophecy had not commenced, for we find Franklin Pierce, Mr. Polk's *ideal* of a future President, not placed at the head of any committee, though James K. Polk was Speaker, and the rank on the committee which was given him—that of *fouth* on the Committee of the Judiciary—in 1833, he retained until 1837 when he left the lower house.

What is the inference? Either that James K. Polk was blind to Mr. Pierce's transcendant merits, or that the 'merits' could not be discovered.

What did he do in the house to mark him as an American statesman fit to guide the destinies of this great country? He favored the Atherton gag law. He opposed the improvements of rivers and harbors which his own President allowed to pass. He refused to make provisions for the widows and orphans of those who had risked their lives for their country.

Well, let us follow him into the Senate.—He was here five years, with all the reputation and experience he could gather in four years' service in the House. What is done with him there? *Nothing.* This very illustrious statesman, whose merits so entirely outweigh those of Cass, Buchanan, Marcy, and many other Democratic worthies, *was not thought fit for the chairmanship* of a single committee, until the last two years of his service, he was chairman of the Committee on Pensions. During this period Silas Wright was chairman of Finance, James Buchanan of Foreign Relations, King of Alabama of Commerce, Walker of Public Lands, but *Pierce—the great Franklin Pierce,* the only man worthy to be the Democratic nominee for President in 1852—was nowhere.

What, then, do we gather from this neglect? Simply that Franklin Pierce is not a man whose statesmanship can qualify him for this great post, *his own friends being judges.* He was thought by his own political brethren to be worthy of only the middling posts in the working and deliberative divisions of both Houses. Those who, governed by a knowledge of his fitness for any station, and who yet had all the friendship that zeal can inspire, made this decision against him. This is the low, humble, obscure level of mediocrity in which those who knew his talents and capacities left him. How absurd, then, to claim that he possesses powers or capabilities of governing this nation! How ridiculous to manufacture a great man out of such material!

An Irishman's Ideas.

A sterling Irish patriot during the more recent struggles of his native land for liberation from British bondage, in a private letter from his home in Wisconsin to an old friend in New York city, writes as follow:—

"I intend giving Scott and Graham a plumper next month. Nearly all the Irishmen in this section (Southern Wisconsin) will do likewise, and from what I can learn through reliable sources (you know I hate *gas*) nearly all our countrymen in the broad West will do the same. All honest men must feel rejoiced at such a result; for hitherto we were set down as the rank and file of the 'great Democratic (over the left) party,' who were to do all the voting, give and receive all the skull-cracking, and perform all the scavenger work of that party, until we began to be looked upon by itself as its hereditary supporters, insomuch that latterly its leaders hardly took the trouble of drilling us. They have adjutants enough *now* among us, since they learned how matters stand; but they are a day after the fair."

☞ Sheridan Knowles, the author, is said to have become a Baptist. He was baptised by immersion, some time since, by the Rev. Dr. Innes, of Edinburgh.

British Endorsement of Pierce.

The London Times, the organ of British capitalists and manufacturers, in its issue of July 6th, says :—"The primary question for the United States in this election, &c. * * * IS THE NATIONAL SANCTION AND INVIOLABLE ESTABLISHMENT OF THE PRINCIPLES OF FREE TRADE. * * * In this respect, and on this point, we take Gen. Pierce to be a FAIR REPRESENTATIVE OF THE OPINIONS OF MR. CALHOUN, AND AS SUCH A VALUABLE PRACTICALALLY TO THE COMMERCIAL POLICY OF THE COUNTRY."

The Liverpool European Times, another British free trade organ, says :—"As regards England, public sympathy, it is needless to say, is enlisted on the side of the democratic candidate, NOT THAT GEN'L PIERCE IS CONSIDERED THE BETTER MAN. FAR OTHERWISE. He is merely ACCEPTED as the nominee of that great party in the Union WHO DESIRES TO PUSH THE PRINCIPLES OF FREE TRADE TO ITS UTMOST LIMITS."

The Manchester Examiner, another organ of the British manufacturers and capitalists, holds the following language on the subject,—"THE ELECTION OF GEN. PIERCE WILL AT ANY RATE PROVE THAT THE DEMOCRATIC MAJORITY, whatever may be their other differences, ARE UNANIMOUS IN THEIR TESTIMONY on behalf of a liberal commercial policy, and any Government HE may form will be one on which THIS COUNTRY MAY RELY FOR EFFECTUAL CO-OPERATION in reducing, whatever practicable, existing impediments to international intercourse."

The London Leader, another British free trade organ, apparently less informed about the so-called democratic candidate for President of the United States, says :—We are without information as to the views of Gen'l Pierce on the SUBJECT OF CO-OPERATION WITH ENGLAND; BUT WE CANNOT SAY THAT WE FEEL ANY APPREHENSION ON THE POINT, AND WE SHALL AWAIT THE FINAL ELECTION NOT WITHOUT SHARE IN THE CONFIDENCE OF MANY AMERICAN FRIENDS THAT IT WILL RESULT WELL."

☞ In the London Despatch, of September 5th we find the following article, which we commend to the serious attention and consideration of every voter :—[Albany Journal.

"Two parties of the Republic, Whig and Democrat—that is Conservative and Progressive, Protectionist and Free-Trader—appear to have marshaled their forces, and selected their candidates for the coming election. EVERY ENGLISHMAN, of almost every class, REJOICES IN THE EXPECTATION OF SUCCESS FOR THE DEMOCRATIC, PROGRESSIVE, FREE TRADE PARTY."

☞ The Hon Robert J. Walker, former Secretary of the Treasury, and recently returned from England, writes a letter to the Tammany Hall Democracy, in which, among other things, he says :

"However strong, then, may be my personal regard for General Scott, however warm my gratitude in remembrance of his unsurpassed military achievements, his views of public policy, in my judgment, are hostile to the best interests of my beloved country, and calculated to retard the progress of liberty throughout the world."

That is to say, hostile to free trade and Kossuth intervention. Mr. Walker is known as the champion of free trade in this country, and since his sojourn in England, he has, of course, become familiar with the wishes and desires of the British free-traders in regard to Pierce's election. When he says, therefore, that Scott's policy would be hostile "to my beloved country," he means simply to say that it will entirely upset "my beloved free trade projects, concocted while in Europe." There is nothing at all improbable or unfair in the assumption that Mr. Walker is the chosen and perhaps the moneyed agent of the British manufacturers, to promote their interests in this country, by aiding to defeat Gen. Scott.

☞ **There is one fact that should not be lost sight of by the Whigs for a single moment during the present week, and that is that if the Democrats are defeated in this election, their defeat will be one from which they cannot recover. This is admitted by the Democrats themselves, and that the full importance of the result is felt, is proved by the desperate efforts everywhere put forth to regain the Democratic ascendancy in the government. Read the following from the Augusta Age, [Democratic.]**

"**But it is not to be disguised that our position is a most delicate and precarious one. The further indulgence of the evil passions which have proved so highly pernicious, will bring swift and certain destruction upon our party.—** Defeat at this time, and from the causes now in operation, would in all human probability prove permanent."

We trust the Whigs will duly consider this fact, and adopt the most strenuous efforts to secure the victory. They fought nobly in '48 to break down the Democracy, and were partially successful. One more such victory will achieve a lasting triumph.

Foddering for Cattle—Hay Cutter.

There can be no mistake as to the fact that much is gained by cutting hay, straw, &c. to feed neat stock. The quantity of feed this year is less than usual, and greater economy is therefore necessary in the use of it, and this economy requires the use of a hay cutter in preparing fodder. Even coarse fodder if cut fine and moistened and sprinkled with meal and all well mixed will afford palatable and nutritive food. Husks and corn tops, when well saved, have much virtue in them; and most of it goes into the manure heap, unless particular attention is paid to foddering. Cattle find it difficult to bite off the stems, though they place one foot on a part of them, while they pull with their teeth and gums. Some farmers cut them up fine for their cattle, and say they would do it even though the stems should be worth nothing for fodder, because of the trouble they make in overhauling the manure.

We have noticed at the agricultural Store of Messrs. J. & R. B. Dunning a hay cutter known as Macomber's Patent, manufactured at Kenduskeag by E. Garland.

These cutters seem to us to be constructed upon the right principle for effective work and for durability. They are manufactured in this county and vicinity, and where a good article of home manufacture can be obtained it should by all means be preferred.

Sharp Hits.

The following poetical "Letter Missive," was written by some one of the aggrieved people of Malden, Mass., on occasion of the call given to Rev. Peter Thacher of Malden to succeed Dr. Cooper as Pastor of Brattle Street Church, Boston, in 1784.

The Malden church had been for some time divided, and in trouble on the subject of a minister in 1770. Mr. Thacher who was then in his youth, was teaching school at Chelsea, being though only 17 years old, a graduate of Harvard. He spent a Sabbath with a friend at Malden, and through that friend's interposition was engaged to preach. His first sermon settled the question. His youthful and engaging mein, his silvery voice and golden eloquence so charmed the disturbed elements, that during the intermission it was decided by acclamation that he was the man to heal the dissensions.

Whitfield called Mr. Thacher the "Young Elijah," and said that he was the ablest preacher in the Colonies. He was greatly interested in the revolutionary struggle, and drafted various spirited resolves and instructions in behalf of the town. He was a member of the Convention that framed the Constitution of Massachusetts in 1780.

The Malden people opposed his removal to Boston with great earnestness. After much excited negotiation it was agreed that the Brattle Street Church should pay the debt of the Malden Church, amounting to $1000.

The following sharp poem embodies the spirit of the people in those old times. Matters are better ordered in modern times, for now no church tries to get away another's Pastor.

Christ's wealthy Church in Brattle Street
His poorer flock in Malden greet,
With hearts brim full of Christian love,
They wish them blessings from above.

Dear sirs, of late we lost our pastor,
And mourn sincere our sad disaster;
Because we clearly can foresee
Our sheep will much scattered be,
Unless we should, of God's free grace,
A shepherd get to fill his place.

Now having sought divine direction,
We thought it best on due reflection,
To tempt the pastor of your church,
To leave his people in the lurch,
Though few have heard him, scarcely thrice,
Yet most believe he preaches nice,
And is a man that's fitted quite
To make us all in him unite.

On that fair we plainly find
Our pious schemes will suit his mind.
Then what remains for us to do
But settle matters right with you.
Sure if you cannot him maintain,
Of us you ought not to complain;
Now therefore send him off to us,
And we will fill his mouth and purse,
The cash you owe him, as 'tis said,
Shall very cheerfully be paid.
Another preacher should you want,
A settlement for him we'll grant,
Thus to the world we'll fully show,
That naught but honor we've in view.

Yet stronger arguments than these
We can produce with greatest ease,
And make it clear that we are right,
And act by help of gospel light.
From boston! men we often hear
That you've no souls to save, (they fear)
That parts like his in Malden lay,
So long as he should with you stay;
Much time among you he has taught,
And labored all this time for naught,
To church no single soul could add,
To make his pious heart full glad.

But in this place his talents fine,
To occupy, would make them shine,
From day to day our church would grow,
And make at last a goodly show.
These weighty reasons, as we trust,
You plainly see are good and just.
Then freely grant us our request,
Because we *think* it for the best,
And so we all with one accord
Subscribe, you brethren in the Lord.

☞ General Cadwalader of Philadelphia, a Democrat, and who won considerable distinction in the Mexican war, has avowed his determination to support General Scott. Calvin Judson, editor of a Democratic newspaper in Tennessee, and H. L. Vollmar, a "distinguished German Democrat," of the same State, have renounced Locofocoism and come out for Scott.

THEN AND NOW! In 1843, the Whigs carried Pennsylvania on the second Tuesday of October, when they had a Governor to elect, by a majority of about 300, and lost their Canal Commissioner by about 2000! In November following they gave Taylor a majority of thirteen thousand five hundred!! If we made a difference then of near *fourteen thousand* in favor of the Southern President, can we not now make a difference of twenty thousand in favor of Scott, who has always been a favorite in Pennsylvania?—Philadelphia news.

The Japan expedition from the United States it is believed, will result in the establishment of American factories at the principal port of the empire, and the opening of trade at Canton. It is believed also, that the squadron will secure the location at some convenient point within the Emperor's dominions for a coaling station for the steam packets about to be established between California and China. This done and a pledge that our sailors shipwrecked on the Japan coast shall not be maltreated hereafter, and the expedition will result in great practical good.—New York Express.

Mr. Webster.

We have no positive intelligence from Mr. Webster since Saturday afternoon. He was then alive but not expected to live but a few hours.

The telegraph will be open at eight o'clock this morning, but too late for us to delay our paper.

The Sick Hours of a Great Man.

The Boston Courier closes a long and eloquent eulogium upon Mr. Webster, in these words :

"That noble form, that surpassing strength of constitution, have drooped under the protracted illness which has withheld him from the turmoil raging outside of that secluded spot, the drives over the hills and along the loud resounding sea, which he loved so much, have ceased. Solemn thoughts exclude from his mind the inferior topics of the fleeting hour; and the great and awful themes of the future now seemingly opening before him—themes to which his mind has always and instinctively turned its profoundest meditations, now fill the hours won from the weary lassitude of illness, or from the public duties which sickness and retirement cannot make him forget or neglect. The eloquent speculations of Cicero on the immortality of the soul, and the admirable arguments against the Epicurean philosophy, put into the mouth of one of the colloquists in the book on the Nature of the Gods, share his thoughts with the sure testimony of the Word of God. But no day passes that the affairs of the country do not occupy his attention. His great mind never applied itself with a calmer or more comprehensive grasp to the duties of his department. The intellectual power asserts its supremacy over physical weakness and tedious disease, with an unfaltering energy of soul, that in itself is as good an argument of its immortality as Cicero ever uttered in the majestic accents of the Latin tongue. These are the dignified pursuits that grace the days of suffering passed by the illustrious statesman of Marshfield.

THE NATIVISTS. Peter Sken Smith, and Lewis C. Levin, the great Native American party leaders in Philadelphia, both supported Woodward, the Native and Locofoco candidate for Judge of the Supreme Court. They are both open supporters of Pierce and King, and are spouting against Scott.

Is not this another evidence of Pierce's adhesion to Nativism as convincing as his opposition and inactivity on the Catholic Test question in New Hampshire.—Detroit Advertiser.

NEW YORK, Oct. 22d. Ship Ocean Queen, at New York, fell in with, Oct. 17th, lat. 41. 10, lon. 60.45, ship Sabattis, of Pittston, Me., from City Point for Liverpool. She had been thrown on her beam ends, which shifted her cargo and caused the ship to leak badly; had to cut away the masts to right the vessel; took off Capt. Gray, officers and crew, 14 in number, and brought them to this city.

THE TRUE QUESTION :—*American workshops, or British workshops?* At a late meeting in Newark, New Jersey, the Hon. Charles C. Marsh stated, in relation to the Tariff, that in Morris County, scarcely a forge was in operation, and one large establishment, which was owned by a man 86 years old, in which many persons had been employed for a great many years past, had now stopped under the Loco Foco Tariff of 1846, the operatives thrown out of employment, and the old man, after all his life of labor, was made poor. Such was Loco Foco policy. Pierce is the London Times British candidate. A few days before, he had a conversation with an Englishman, who is for a short time in this country, who told him that it took but half a million to elect Polk, and Pierce should be elected if it took two millions.

SALEM LYCEUM. On Monday, the Mechanics' Lyceum, of Salem, advertised their tickets for the ensuing course of lectures for sale, and in half an hour every ticket was disposed of, and hundreds more were called. On Wednesday, the Salem Lyceum offered their tickets for two courses of lectures, and a thousand tickets were immediately sold, which took up every ticket for the first course, and left only about two hundred for the second.

A BRITISH FLAG. The editor of the Groton Mercury has thrown to the breeze for the benefit of the Locos, a British flag, bearing the following words : "Victoria—Free Trade—Pierce and King." As Gen. Pierce is the favorite candidate of the London Times and other English papers, the editor no doubt deems it appropriate that he should have the protection of English colors.

The most extraordinary discovery in the medical world: "Great Arabian Remedy for Man and Beast."
H. G. FARRELL'S
CELEBRATED ARABIAN LINIMENT.

The beautiful and fertile region skirting the desert of Arabia, abounds with rare plants and odorous woods, whence are procured those aromatic gums and balsams of which this Liniment is composed, and by whose stimulating, unctuous and penetrating properties it is, when applied, diffused through the whole nervous system, allaying the most intense pain in a few minutes. Try it, when you will be convinced that no preparation possesses in so high a degree, its perfect anodyne qualities. Its action is prompt and effective. It penetrates the flesh to the bone, relaxes contracted cords, restoring use to the limbs paralyzed for years, and where the flesh has wasted away, leaving nothing but skin and bone, excites a healthy action, causing new flesh to grow out and fill up the shrivelled parts. It restores the synovial fluid or joint water, and this is the reason why it has been so successful in diseases of the joints. In affections of the Spine, Liver, Lungs and Kidneys, this great remedy stands before any other ever produced. For ague cake or enlargement of the spleen, it is a specific. For any internal inflammation, you will find it gives great relief. It has no equal in the world for Rheumatism—Also, cramp, swelling, numbness weak joints, Spine and Chest, pains, wounds, chilblains, burns, sore throat, bites of insects and reptiles, salt rheum, warts, corns, mange, and indeed nearly all diseases which require an external application and many others, are greatly benefited by it. It is used externally with great success in goitre, or swelled neck, Scrofula or King's Evil, Liver Complaint, nervous diseases, &c. For Horses or Cattle, it is as effectual as in diseases of man. Will cure any case of Sweeney in existence; also, Spavin, Splint, Ringbone, Big-head, Fistula, Farcy, Poll Evil, Windgalls, Strains, Bruises, &c.

LOOK OUT FOR COUNTERFEITS.

The public are cautioned against another counterfeit, which has lately made its appearance, called W. B. Farrell's Arabian Liniment, the most dangerous of all the counterfeits, because his having the name of Farrell, many will buy it in good faith, without the knowledge that a counterfeit exists, and they will perhaps only discover their error when the spurious mixture has wrought its evil effects.

The genuine article is manufactured only by H. G. Farrell, sole inventor and proprietor, and wholesale druggist, No. 17 Main Street, Peoria, Illinois, to whom all applications for Agencies must be addressed. Be sure you get it with the letters H. G. before Farrell's, thus—H. G. FARRELL'S—and his signature on the wrapper.

Sold by INGRAHAM & FULLER, wholesale and retail, Bangor. Also by R. F. Kinsell, Oldtown. French & Hamilton, Dexter. Geo. Parcher, Ellsworth. P. O. Flaherty, Houlton. And by regularly authorized agents throughout the United States.

ASTONISHING HOME PRODUCTION

FOR THE CURE OF

Coughs, Colds, Asthma and Consumption.

HARDY'S Great American Remedy for Coughs, Colds, Asthma and Consumption, has now proved itself, beyond a question, (and I will submit the test to any regular, scientific physician, to whom I may make known the ingredients of which it is composed) far before any other article, which is advertised as a ready prepared medicine, for the complaints above named.

Do not imagine that because it has not some unintelligible, foreign name or does not purport to have sprung into existence beyond the Atlantic or the Pacific, (perchance the juice of some wonderful tree or plant tapped and extracted by the hands of Hygeia herself,) that it can have little merit, but, on the contrary, be proud to try a home product on which, emanated from the laboratory of one of your own (State of Maine) Physicians, of extensive learning long practice and deep the knowledge of medicine and his profession. Thousands of dozens of bottles of this medicine have been sold within two or three years; indeed its gigantic preponderance in the scale of reputation, demand, and actual use, makes it certain that it has no equal. Try it, Americans, and upon its own solid merits let it stand or fall. It should be kept by every family.

Price 87½ cents per bottle, at HARDY'S, No 3 Harlow's Block, and at most of the Druggists in Maine.

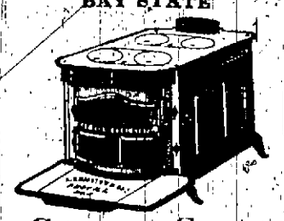
THE BEST STOVE in the Market!

EXPERIENCE has proved satisfactorily, and undeniably, that the

BAY STATE



COOKING STOVE,

(For which the subscriber is Sole Agent,) is the very best Cooking Stove ever Invented, surpassing in its cooking apparatus—boiling, broiling, baking, &c., &c., all competitors, as well in smoothness and thinkness of Castings durability and economy. The fact that more than 5500 are sold per annum, is of itself proof positive of its general excellence.

Over 300 have been in use in this city and vicinity for upwards of three years without requiring repairs, for which purpose the undersigned has castings constantly on hand

One great advantage possessed by the Bay State over all other Stoves, of whatever description, (to which advantage public attention is particularly invited,) and which enables it to bake equal to the very best brick ovens, is the improved and durable and economical character of its fire plate, being of great thickness and composed wholly of one casting, requiring less fuel than other Stoves, and baking with great evenness and expedition.—This advantage will be appreciated by all intelligent housekeepers and cooks.

The Bay State is of six sizes, varying from $15 to $50

Valuable Real Estate;

AT BUCKSPORT, MAINE.

For sale, by order of Administrator, at Public Auction, on the premises, on TUESDAY, Nov 9th, at 10 o'clock, A. M.

All the right, title, and interest, to the valuable Estate formerly belonging to JOHN CHEEVER, merchant of said place, held by virtue of mortgage, for $1826 82 cents, with interest, amounting to $2016 06; and possession under it. Said estate, is situated on Bucksport Bay, about one mile from the steamboat landing and two from the village, consisting of a double two story Dwelling House, with five rooms on a floor, a commodious Store, and Store House, Fish House, and Sheds, ship yard and extensive wharf facilities, with about one and a half acres of land under and adjoining. The buildings have been built but a few years and are in good condition.

This Estate is valuable as a Depot for trading as it does on both sides of the main road leading to Sedgwick and Brooklin and near the bridge now building. The Store house contains a shop fitted with shelves, counters, &c., suitable for a wholesale or retail business, and stands upon a wharf in an inner harbor with a deep anchorage, accessible at all stages of the tide, wherebevessels can lie in safety and load or unload directly to the store; in short, no place on the coast affords better advantages for conducting the fishing business in all its branches. The ship yard where several vessels have been built furnishes every facility for building purposes. For further particulars apply to B. W. HOLLOWAY'S PILLS.

CURE OF [illegible] IN [illegible]

Copy of a [illegible]

ist, 7, 185[illegible] 4th June, 1851

To Professor Holloway,

SIR—Your Pills and Ointment have stood the highest on our sale list of Proprietary Medicines for some years A customer to whom I can refer for any enquiries desires me to let you know the particulars of her case She had been troubled for years with a disordered liver and bad digestion On the last occasion however, the virulence of the attack was so alarming and the inflammation set in so severely, that doubts were entertained of her not being able to bear up under it, for funately she was induced to try your Pills and she informs me that after the first and each succeeding dose she had great relief She continued to take them and although she used only three Boxes she is now in the enjoyment of perfect health I could have sent you many more cases but the above from the severity of the attack and the speedy cure I think, speaks much in favor of your astonishing Pills.
